Date: 4/18/19

Time: 4:45pm

Location:

Participants:
- Farrell Hohman
- Weihang Zhang
- Kevin Yeung
- Alex Reyes
- Rahul Mohan

Meeting Question Notes:
1. What have you accomplished since the last meeting?
    a. Farrell
        i. Began writing the Sprint 2 Review
    b. Alex
        i. Programmatically allow different users have different SQL passwords
        ii. Drafted test for login page
        iii. Drafted login basic structure
        iv. Drafted tests for pagination
    c. Tim
        i. Improved code base
        ii. Fixed some tests that were not passing
    d. Kevin
        i. Fixed QuickAccess UI appearance
        ii. Tried to implement next and previous buttons for resultsPage pagination
    e. Rahul
        i. Began work on the image collage implementation code
2. Are there any obstacles in the way of meeting your goal?
    a. Farrell
        i. Not sure how exactly to run the tests for each feature, which is needed for the pair programming sessions (Travis)
    b. Alex
        i. I had problems with my computer and was not able to connect to SQL
        ii. Had to reinstall Tomcat, homebrew, SQL
        iii. I have to wait for programming session
    c. Tim

        i.   Very short time between meetings

        ii.   Setting up database to hash passwords

   d. Kevin

        i.   Waiting for the image collage to be done in order to finalize the quick access components

   e. Rahul

        i.   Short time between meetings

3. What will you accomplish before the next meeting?

   a. Farrell

        i.   Work on the regrade request

        ii.   Continue working on the Sprint Review

   b. Alex

        i.   Ensure other functionality is still present

        ii.   Finish and compile tests

        iii.   Make some tests pass using the front end

        iv.   Have a programming session

   c. Tim

        i.   Build the login page

        ii.   Fixing small issues related to reorder list

        iii.   Implement Grocery List

   d. Kevin

        i.   Continue working on the pagination features

   e. Rahul

        i.   Look to finish implementing image collage implementation by having a pair programming session with Tim

        ii.   Investigate how to do password hashing in Java

Extra question: What did we accomplish during this meeting?

- Go over what needs to be done for the weekend
